SERVICES

BRAND CONCEPT DEVELOPMENT SERVICES

The company philosophy is ownership and strategic partnerships that seek to develop media properties into global entities. At Ian P. Universal we say, if it's not global it's not Ian P. Universal. We believe in dreams as a human right, so believe each client is a dream that is unique that needs to be realized and experienced by the world.

PRODUCTION AND POST PRODUCTION SERVICES

Our skill capacity ranges from creative to technical concept development, scripting, and critical solution based thinking to practical implementation of ideas into effective properties that have a commercial and social impact. Our competent and competitive team is our major investment over the years of experience in high end production and post-production services.

MEDIA DEVELOPMENT AND TRAINING

The company prides itself in education and imparting knowledge whether we are acquiring it or sharing it. Our team shares its creative and technical experience with the client and their personnel.

STRATEGIC PARTNERSHIPS

We have forged partnerships and relationships with our clients to see effective change, impact on result through our engagements or services.
